

MEMORANDUM

To: Parties in PSB Docket No. 7508 (Georgia Mountain Wind Project)

From: Susan M. Hudson, Clerk of the Board

Re: Site visit

Date: July 28, 2009

In accordance with the July 17 Scheduling Order, the Public Service Board ("Board") will be conducting a site visit on Thursday, July 30, 2009, commencing at 3:00 P.M. Attendees should meet at the Georgia Public Library, located at 1697 Ethan Allen Highway, Fairfax, Vermont.

Several of the parties have proposed locations to include in the site visit. Due to the limited time available, the Board is not able to visit each of the areas proposed by the parties. After reviewing the requests filed by the parties, the Board has determined that it will follow the attached itinerary.

Georgia Mountain Community Wind, LLC ("GMCW"), has informed the Board that it is not possible to travel the access road to the proposed turbine sites. Given this factor, the Board will consider scheduling a second site visit.¹ Parties may request that the Board visit additional areas at a second site visit; parties should include a detailed explanation of the relevance of the proposed stops to their interests in this proceeding. Any such requests for additional areas to be included in a second site visit must be filed by August 14, 2009.

Attachment (1)

¹ If the Board determines that a second site visit is needed, it will likely be conducted by Board staff due to the scheduling constraints of the Board.
